

WOMEN-FRIENDLY TOILET

GRAVITY[®]
WATERLUXURY

TOILETS DESIGNED WITH HER IN MIND

RIM - FREE HYGIENE

EXPERIENCE A NEW STANDARD IN HYGIENE

Our Women-Friendly Toilet sets a new benchmark in everyday comfort and hygiene. At its core is an **ultra-thin rim**, expertly shaped to leave no space for droplets to settle, ensuring a visibly cleaner surface after every use.

Complementing this is our **splash-control bowl**, engineered to minimise splatter and offer a safer, more hygienic experience - day after day.

Choose a style that fits your space with **square or oval options**, available in two sophisticated colour finishes designed to complement contemporary bathrooms.
