MAKES LIFE

Dear Valued Customer,

Greetings from Gravity Bath Pvt. Ltd.

I am Anoop Garg, the proud director of Gravity Bath Pvt. Ltd., and I am thrilled to introduce you to our exceptional range of bathroom fittings and sanitary wares. At Gravity, we believe in creating products that reflect the true value of your hard-earned money.

We understand that many consumers may have reservations about purchasing expensive brands, questioning whether the investment is truly worth it. Let me assure you that Gravity is not just a brand; it's a commitment to quality, durability, and your satisfaction.

Our products are not designed for those who seek a mere label; they are meticulously crafted for individuals who recognize the true worth of their efforts. We take pride in our research and development team, tirelessly working to ensure that our products not only meet but exceed your expectations.

Living in a country with unique water characteristics, we acknowledge the challenges posed by the salty and sandy **nature of Indian water.** Unlike other brands, we tailor our products to suit the Indian environment, ensuring longevity and optimal performance even in the harshest conditions.

When you choose Gravity, you are choosing more than just a product; you are choosing a partner dedicated to serving you better. We are committed to your satisfaction, and our products are a testament to the meticulous care and attention we put into every detail.

Join the community of satisfied Gravity customers who have experienced the happiness that comes with choosing quality over extravagance. Your trust is our greatest reward.

Thank you for considering Gravity Bath Pvt Ltd for your bathroom needs. We look forward to bringing happiness and functionality to your home.

Best Regards,

Director, Gravity Bath Pvt Ltd

Are you Frustrated

with Continually Adjusting Water

TEMPERATURE?

WHY THERMOSTATIC DIVERTER?

The water temperature can be preset with Thermostatic Diverters, but each user can manually adjust the temperature. This ensures the water won't go any hotter or colder than the specified setting. Making a greener decision by pre-selecting a water temperature also helps you conserve water.

It consistently regulates your Shower's water temperature, preventing abrupt hot or cold bursts, making it safer, especially for youngsters and the elderly, and making bathing more pleasurable by letting you pick your chosen temperature.

Do you waste time and water trying to find the correct Mixer temperature for washing utensils?

Thermostatic Lock Friendly Design, Prevent shower scald security stop at 38 Degree (100.4°F)

Safety for Kids & Elders Thermostatic Valve offers constant water at the desired temperature, safe and practical.

PERFECT **TEMPERATURE**PERFECT **CONTROL**

Do you worry about your Baby's bath water temperature to avoid burns?

THERMOSTATIC CARTRIDGE

Control the Flow, Feel the Difference Powered by Vernet, Perfected by Gravity.

VERNET TECHNOLOGY

The VT 28 is a high performance thermostatic cartridge with the best compromise in size & flow rate:

- Used in mixing valves for temperature limitation
- → Includes a special Vernet thermostatic element
- → Withstand up to 35 bar (508 psi) under static pressures
- → Made from high quality polymer that resists lime scale
- Offers long life product efficiency Patented design

TEMPERATURE CONTROL

The VT 28 ensure a stable & accurate mixed outlet water temperature :

- → Temperature regulation range is from 15°C to 6°C (59°F to 14°F)
- → Preset at comfort temperature point 38°C (100.4°F)
- → Provides an accurate and easily adjusted temperature setting (16°C to 60°C - 14°F to 140°F)
- → Tailored for temperature limitation at 50°C (122°F) disinfection at 70°C (158°F)
- Water flow shutdown upon cold water supply failure

The compliance of the mixing valve with the standards does not only depend on the cartridge but also on the construction of the valve body and other devices

Application	Recommended Pressure	Flow Rate	Standard	Endurance
